- + Stainless steel headshower diam 25cm, mirror finishing
- + Solid stone back panels, artificial marble finish
- + Rectangular artificial marble shower tray 80x120cm, water drainer with stainless steel cap, diam 90mm

Product innovations

Super Integrated

Thanks to a special connection, the assembly of KRONE products is easiest as possible. This technicity guarantees purity and elegance to KRONE products.

Anodized Force

Thanks to electrolyte, anodizing provides an additional barrier against time. The durability depends on the type of treatment chosen, as well as the thickness of the protective layer. The treatment used produces a decorative satin finish, a matte or glossy finish.
